First Unitarian Church’s Mission and Elements

The mission of First Unitarian Church of Portland, Oregon is to create a welcoming community of diverse individuals; to promote love, reason and freedom in religion; to foster lifelong spiritual growth; and to act for social justice.

To realize this mission, First Unitarian Church:

1. Is a welcoming and loving community that provides a safe haven where a diverse people of various ages and cultures may gather to build nurturing relationships.

2. Offers lifespan religious education consistent with Unitarian Universalist values, and provides a forum for exploring diverse points of view.

3. Provides worship that is inspiring and affirming, as well as a variety of experiences that invite congregants to deepen their spiritual lives.

4. Uses transparent democratic processes that maintain shared governance and ensure that all voices are heard and respected, and that clearly define the roles and responsibilities of congregants, the Board, staff, and ministers.

5. Cultivates and nurtures leaders who serve and inspire the church community.

6. Is a sustainable church community in which congregants, Board, staff and ministers share stewardship of both our tangible and our human resources.

7. Takes a leadership role in the larger Unitarian Universalist movement, maintaining connections with other Unitarian Universalist congregations and institutions as well as the local interfaith community.

8. Witnesses as a voice of conscience in our community and beyond, collaborating with other justice-seeking institutions, encouraging congregants to join others in building a more equitable, sustainable, and peaceful future for all.

Our Vision:

First Unitarian Church is a beacon of hope for us and for our community, a spiritual center in the heart of our city that helps each of us to find our moral compass, calling and challenging us to build the beloved community with an ever deepening sense of spirit, diversity and inclusion.
The Board of Trustees established one overall goal for the 2016-2017 church year: increase linkage between the board, the congregation and the executive team. Each committee had specific pieces of this goal.

1. **Finance** – Increase accessibility of church financial information, and increase engagement with the Foundation
2. **Communications** – Increase frequency and develop new means of communicating board information and actions to the congregation.
3. **Governance** – Develop draft revisions to current governing policies and present to full board for review and input. Provide opportunities for congregant review and input.

The 2016-17 church year proved tumultuous. Staff departures, changes to our sanctuary, a national election which had significant impact in many ways, and a challenging Annual Fund Drive all served to emphasize the relevance of the board goals.

Our communications committee began publishing a monthly moderator letter, developed an FAQ on the church website, and held three congregant forums which provided much needed opportunities for congregants to ask questions and express their opinions about church changes.

Reverend Sinkford held the first of his congregant Q&A sessions, which have continued into the new church year. Our finance committee held three quarterly finance updates for interested congregants, provided several opportunities for congregants to review the proposed church budget prior to our congregational vote, and took a more active role with the Church Foundation inviting foundation members to attend and speak at a board meeting. This also included discussion of innovative proposals around the reduction of our church debt on the Buchan building.

The Governance Committee worked diligently and produced several drafts of our church governing policies. We anticipate that building on their good work we can bring this process to completion this fall. Last year was eventful and ultimately productive. We start the new year with high hopes.

In faith,

Board Moderator

Executive Team Report – Fiscal 2017

August 23, 2017

Annual Executive Team “Monitoring Report”

We have included an updated version of the May letter from Bill and Randy that accompanied the ballot mailing, as our transmittal memo for this report, to remind us all of the major events that shaped the past church year.

A Year of Change: First Unitarian 2016-2017

The extent of change at First Unitarian during this past year has tested all of us. Yet the need for our church has never been more pressing. The challenges of that dual reality shape this report and our planning as we move forward.

The signs of change have been unavoidable: New screens in the sanctuary, DeReau Farrar as now permanent Music Director, Kate Lore’s decision to resign. Issues around decision-making and transparency seemed to amplify the inevitable stress of change. New opportunities for leaders to listen were created in response. But trust has been tested.

In the midst of this change, the national election took place with results that shocked and mobilized many of us. Our sanctuary filled to capacity and beyond in the weeks that followed. Attendance grew by 20% during November and December, and has remained 10% above in the early months of 2017.

Numbers of new members have increased. New energy in our justice work, most clearly seen in the area of immigration justice, helped us find ways to respond. Our virtual ministry continued to expand with streaming attendance at worship growing faster than in-person attendance. Our role as convener and partner with other progressive groups has filled our campus.

Both the stress of change and the good ministry we have done together are part of the story of this past year at First Unitarian.

The shortfall in the Annual Fund Drive (AFD) is also part of that story. The results were 10% below our goal and 7% below the pledges of last year. Some congregants, though only a few, let us know that they were reducing their pledges because of some of the changes. More told us about life changes (retirements, moves, illness). In the aftermath of the election, more of us gave more to the ACLU and Planned Parenthood. We are reaching out to those who reduced their pledges or did not pledge this year to ask them to tell us why.

Despite the AFD shortfall, the budget we are presenting has to be in balance. It calls for reserve funds to be used to partially cushion the shortfall. But expenses still need to be significantly reduced. Our tight management of recent years means that little other than staffing is available to trim. These reductions are reflected as an $86,000 item, in total, which we will specify in the early months of the new church year.

As this year draws to a close, with more opportunities for congregant input in place and the need for our liberal religious community so clear, there is reason for optimism. First Unitarian has been a beacon of hope in this
community for more than 150 years. Our challenge is to keep that beacon burning brightly through the changes and the challenges of our day.

We are both grateful for the opportunity to serve.

Board Moderator Randy Russell and Rev. Bill Sinkford

One note before the report itself: We have included scores from the Congregational Survey as usual. In the past we have given these scores significant weight as relatively objective measures to track changes in congregant satisfaction. Please note that this year just over 100 congregants completed this survey, the smallest number by far since we began this practice. Ratings for all Elements were reduced. How to understand these ratings is the question. The shortfall in the Annual Fund Drive and the congregant dissatisfaction fielded by the Board and E.T. support a narrative of distress and decline. However, on most of the objective metrics for congregational health (attendance, membership, RE enrollment, participation in SJ events) the picture is of a very healthy and growing congregational system. We draw no conclusion but note that with a sample size this small, the responses of just a few congregants can have impact significantly greater than their numbers.

With that as preamble, we submit this report. We continue to be grateful for the opportunity to serve.

**Mission.** The mission of First Unitarian Church of Portland, Oregon is to create a welcoming community of diverse individuals; to promote love, reason and freedom in religion; to foster lifelong spiritual growth; and to act for social justice. To realize this mission, First Unitarian Church:

1) People who participate in the church community feel safe, experience nurturing relationships and diversity, and are challenged to grow spiritually.

E.T. Interpretation: We interpret this element to mean that the church, through its worship life, programs, institutional goals and policies, models radical hospitality to welcome the diversity of people who come through its doors and offer them opportunities to grow spiritually once they are here. It will strive to support people on their life journey through pastoral care and through one-on-one and group interactions. It will strive to build the Beloved Community through a variety of group experiences and will be intentional in its work to be anti-racist and multi-cultural. It will establish policies to insure that the church is a safe place for everyone, and particularly those who are the most vulnerable.

E.T. Assessment: We believe we are in reasonable compliance with this aspirational Element of our Mission.

Measures/Indicators:

This Element received a rating of 3.68 (5-point scale), down 7% from the prior year. Given the small sample size, this difference does not exceed the margin of error.

Membership Process: This year we combined the two introductory classes, Intro to Unitarian Universalism and Path to Membership, into one class called Path to Engagement. We also moved most of the classes to Sunday morning. The main goal was to offer more opportunities for people to learn about the church. In the coming year we hope to begin a more comprehensive series of classes for newcomers based on a model out of the Dallas church called Faith Forward.

Pastoral Support:

Pastoral care is provided to congregants by all First Unitarian ministers and an active team of lay ministers. In FY2017, lay ministers supported 113 congregants through meetings, phone calls, and e-mail – the largest
number of congregants served except for FY2016. There is a new emphasis in our lay ministry program, with fewer congregant-to-congregant interactions and a shift towards group support efforts.

Congregational Diversity:

The sample size in this year’s survey is too small to draw conclusions about demographic changes in congregational composition. We believe these comments from last year continue to apply:

Demographics from the Congregational Survey reveal an aging congregation: 84% of respondents are 50 or older, 70% over 60. Changes in the age categories used from year to year make exact comparisons difficult, but from 2013 to 2016 the proportion of congregants over 70 grew from 19% to 30%.

The survey results strongly suggest that a focus on age cohort under 50 is called for. For example, we currently offer minimal tailored support for young adults. Our hope is that the Congregational Life Initiative will include new imagination and staff energy for this ministry.

The survey also continues to describe a congregation that is overwhelmingly white, though the percentage of adults who identify as other than white is “drifting” upward, now near 10%. The numerical change is modest but seems real. There are now, consistently, a few more darker faces in the sanctuary on Sunday mornings. “Black Lives Matter” continues to be a central element of our internal reflection, public witness and outreach. Our banner has been mentioned with approval by more than one person of color who now regularly attends worship. (It should be noted that we are not immune to the recent national resurgence of white supremacy protest. Calls from non-members about our Black Lives Matter banner have spiked up since the Charlottesville violence. Our internal training and awareness programs have shifted to a focus on white privilege and the culture of white supremacy.)

“Safety” Policies:

Policies are in place that articulate the vision of First Unitarian as a safe place for a diverse community (Congregational Covenant, Grievance Procedures, Safe Congregation).

2) Participants in lifelong religious education explore diverse points of view and gain a deeper understanding of themselves.

Interpretation: First Unitarian offers opportunities, across the lifespan, for learning and understanding grounded
in UU values. We also provide forums for exploring difficult contemporary religious issues.

E.T. Assessment: We are in compliance with this Element, as written. We continue to believe that this Element should be revised to focus more on outcomes than on what we offer.

Measures/Indicators:

In the Congregational Survey, this element received one of the highest ratings (4.04), and is only marginally lower than ratings in past years.

*Beginning in 2012 the Learning Community discontinued the breakout of children and youth, instead measuring total registrations.

Comment from Cathy Cartwright Chow: Registration is definitely up and the highest it’s been in 3 years. We have given families in their second year of participation plenty of notice as to the expected pledge (first-year families are not expected to pledge). Average attendance holds steady at 51% of registration. In fact this percentage has changed very little over the years.

NOTE: In 2012 we adjusted programming for youth from a program that separated out 7th grade, combined 8th/9th and had 10th, 11th and 12th grades in YRUU, to the current program that combines 7th/8th and moved 9th graders into YRUU. Our registration numbers have increased in both of these groups maintaining numbers as children grow into the older grades.

Over the school year we had 306 children/youth visit, with 62 of those registering.

Comment from Katie Radditz: Adult Programs held 65 classes, 9 retreats, and 8 special events. Our focus in Adult Programming this year has been on our personal stories of spiritual awakening, suffering and
transformation. The resulting effects of participation were to make deeper connections between people, to strengthen commitment to First Unitarian and to become involved in positive action. Adult Programs once again offered justice-centered classes as we did six years ago; a few were offered in collaboration with Social Justice groups and with other non-profit organizations. The weather was a great challenge for several months causing class and retreat cancellations and/or postponements, thus the lower numbers in actual participation.

Katie’s retirement at the end of the last church year is another major staff transition and has opened a conversation about our entire “education” program over the lifespan. That reflection will continue through this year, as will decision-making about staffing needs and structure. Mary Gear, a former intern and candidate for ministry, has been hired in an “Acting” role to continue the already well-planned Adult Programs for the fall and take part in the important reflections as we plan for moving forward.

3) **Original:** Provides worship that is inspiring and affirming, as well as a variety of experiences that invite congregants to deepen their spiritual lives.

**Revised:** Participation in Sunday worship is inspiring and affirming, and deepens the spiritual lives of the participants.

E.T. Interpretation: First Unitarian offers excellent quality worship that not only nurtures/affirms, but also inspires/challenges congregants to spiritual depth.

E.T. Assessment: We believe we are in compliance.

Measures/Indicators:

In the Congregational Survey the rating for “Provides worship that is inspiring and affirming” dropped approximately 9% to 3.83.

Sunday worship attendance remains the most important numerical indicator of congregational vitality, although as church-going culture continues to shift it is no longer the sole indicator.

The gradual reduction in attendance which we have noted with concern in recent years was reversed this year. Overall Sunday attendance grew by 9%. Corrected for the 1 ½ Sundays we lost due to January ice storms, the growth was 12% over year ago. Attendance did not quite reach the level of Rev. Sinkford’s first year, but was larger than any year since.

We did experience a “Trump Bump” in the fall, with attendance up 10% vs. a year ago during the July-December period. But the growth in attendance actually accelerated (to 13%) in the Feb-June period, when the Trump Bump is reported to have dissipated in most congregations.

Concerns that the transition to a new Director of Music might impact either the quality of music and/or the overall quality of worship have not come to pass. Energy in the music program remains high and all anecdotal evidence indicates that DeReau Farrar’s leadership is welcomed and enjoyed.
With changes in our music directors came changes in our record-keeping. The most recent numbers reported in this chart reflect registrations for the new church year, with registrations for 2016-2017 not available. We note that the numbers are down, and offer several possible factors – alone or in combination – for this:

- Change in music program leadership;
- Two years into a new policy connecting choir fees and pledging;
- New director’s decision at the end of last year towards stricter enforcement of the attendance policy.

Long-time Director of our Bell Choirs, Ellie Hodder recently resigned to take a full-time music director position. The search for a new leader for the bell program has just been successfully concluded in the hiring of Zeke Fetrow.

Virtual attendance continues to grow dramatically, now regularly 13% of total. During January’s winter weather, Live Stream attendance topped 20% of total. In an increasingly virtual world, this has to be seen as a strength of our evolving ministry, though its long-term impact for our community is yet to be clearly seen.

We continue to believe that the nature of church attendance is shifting/has shifted to a lower frequency of in person attendance.

Perhaps positive attendance results in the spring were made possible by the work of the Board and E.T. to address the conflicts and stresses within the community.

Perhaps the many people who needed church and sought us out this year because of the election results were impressed by the quality of our ministry and became regular attendees. Our membership numbers support that theory.

Perhaps those who dislike our screens expressed their displeasure in the ratings of this Element.

Perhaps the passage of time and our overall excellent ministry overcame the stress of change that dominated the fall. Perhaps a relatively small number of congregants unhappy with our ministry had an outsized impact on the numerical scores.

This year, there are simply too many variables at work for a confident, single explanation.

The positive attendance results are cause for cautious optimism.

These attendance figures are for the 12 months of each fiscal year (July-June).

It should be noted that January ice storms closed church one Sunday and reduced attendance by 50% another. Overall Sunday attendance therefore is more accurately expressed as +12% in total, +6% in our Sanctuary.

4) Transparent Democratic Process

**Original:** Uses transparent democratic processes to maintain shared governance and ensure that all voices are heard and respected, and that clearly define the roles and responsibilities of congregants, the Board, Staff and Ministers.

**Revised:** Employing the principles of policy-based governance and the Unitarian Universalist Association, ensures that all voices are heard and respected.

Revised Interpretation: Responsibilities and authority of ET, Board, Staff and Ministers, within the governance system, are clearly delineated and understood by interested and concerned parties. Efforts to make information available are on-going. Multiple ways to have concerns heard by decision-makers are provided and promoted. ET, ministers and staff all function with robust accountabilities to lay program and support committees in virtually every ministry area.

E.T. Assessment: Much good work, including a consultation with UUA staff in the spring of last year, began moving Board leadership and E.T. toward renewed clarity. Work remains to be done, however, and we are still far from full compliance with this policy language.

The Board has initiated a process of simplifying and revising our approach to governance by policy. Knowledge about these changes has not been widely shared. A relatively small number of congregants care intensely about transparency and congregant involvement in decision-making. Discussion and input on new policy language, and agreement on this approach, will be part of our leadership work in this coming year.

**Measures/Indicators:**

The rating for this element was down considerably (-15%), likely a result of a number of issues that congregants were unhappy about this year. The Board and E.T. responded with a concerted effort to be engaged with congregants and to offer chances for input in decision making. Next year more opportunities for input are already planned.
5) Ensures the continuity of leadership in the church by developing, supporting, and providing a meaningful experience for a succession of new leaders.

Interpretation: First Unitarian provides a variety of easily accessible pathways for congregants to deepen their spiritual lives through leadership service to the church and supports those who offer leadership in the wider community.

E.T. Assessment: First Unitarian continues to be an institution in and through which individuals demonstrate leadership in a variety of ways. Given other ministry priorities, our hope was to locate more formal but modest leadership development and support through the Nom Com. Energy for this work in the Nom Com has flagged. Their priority has had to remain identification of candidates to fill Board and Nom Com positions. Leadership Development remains important but we have yet to find a sustainable support structure for it.

6) Is a sustainable church community in which congregants, Board, staff and ministers share stewardship of both our tangible and human resources.

E.T. Interpretation: First Unitarian is supported, financially, by congregants at a level that sustains our existing, multi-faceted ministry, and allows the church to build toward a vibrant future. Monitoring of our financial health is shared among Board, ministers, staff, and lay leaders. Annual fund-raising is the responsibility of E.T. and staff with the critical support and collaboration of lay leaders/volunteers.

Congregant ratings for this Element of our mission were down 15% below the prior year.

Annual Fund Drive 2017
Our pledges for calendar year 2017 fell 8% short of our $1,545,000 goal – totaling $1,424,000 as of July 31. Each year, some congregants reduce or even end their pledges due to changed personal circumstances (job loss, moving out of the area, divorce, etc.) The majority of individuals and families who reduced their pledges whom we were able to contact reported a change in personal circumstance as the reason. New member pledges and "returning pledges" from individuals and families who "take a year or two off" typically balance these reductions. There were more reductions than additions this year.
In addition, special factors contributed to this year’s shortfall:

- dissatisfaction with decisions/developments (sanctuary screens, Kate Lore’s departure in the middle of the AFD), magnified by a small group of congregants who actively encouraged people to substantially reduce their pledges;
- national election results, which influenced congregants to give more of their charitable dollars to other groups such as the ACLU and Planned Parenthood. (The ACLU reported its normal contribution income of $5 million grew to $83 million last year.)

### Key FY 2017 Financial Results

- We again ended the year with our Annual Operating Reserve (Contingency Fund) of $48,000 intact and an operating surplus. As approved by the Board during our spring budgeting process, it was decided to allocate 50% of this Operating Reserve to help cover the pledge shortfall affecting our FY2018 budget, and 50% to make an additional payment on the Buchan mortgage.
- The operating surplus ($114,000) resulted from budgeted but unfilled staff positions (SJ Director-7mos, Rentals assistant, Communications Coordinator), strong building rental income and on-going tight spending controls. The first two factors will not recur.
- Per a decision approved by the Board’s Finance Committee in early August, the operating surplus of approximately $114,000 will be allocated as follows (note: the actual surplus amount may vary somewhat from this figure, based on any adjustment entries determined by our auditors):
  - $30,000 dedicated to completing the repairs to the sanctuary roof and parapets. This will leave significant deferred roof work primarily over the office structure.
  - $24,000 additional principal payment on the Buchan mortgage, bringing our additional payment this year to $48,000. (Discussions have begun with the Foundation Board about possibilities to retire our mortgage.)
  - $60,000 as a reserve to cushion confirmed reductions in rental income from our long term tenant, Northwest Academy (NWA), at the end of their current lease (June, 2018). NWA is seeking a lease for at least another 5 years, possibly as much as 10 years; but they will be reducing the amount of space they require. We will work with a commercial realtor to find an additional long-term tenant; but the chances of an interruption of our income flow are likely. Should this reserve not be needed, these funds can also be applied to the reduction of our mortgage.
- Our FY2018 budget makes use of $72,200 drawn in from various reserve funds to cushion approximately half the loss of pledge income. The drawing down of reserves to balance our budget is not sustainable and most probably not repeatable.
- Plans to deal with the balance of the shortfall are due and will be available in September.
- No draw-downs from our Major Repairs & Equipment Reserve or the Safety Reserve Fund were needed this year, leaving their respective balances at $159,654 and $140,235.
• Last fall, for the first time, our Annual Fund Drive (AFD) offered congregants the option to set up an auto-renewing pledge through whatever auto-payment plan they preferred (their own bank pay, debit or credit card, church-initiated secure payment service), so that we won’t have to start from ground zero every year. We’ll emphasize this again for this fall’s AFD 2018.
• We continue to operate within the covenants of the Wells Fargo mortgage, and our positive cash flow prevented the need to use our line of credit. As more congregants make their pledges via some sort of automatic payment, our cash flow has become steadier.
• Another successful Auction was held this spring bringing in nearly $52,000. These funds are being used to upgrade Fuller Hall and Daisy Bingham, including new flooring, wall treatments and – thanks to a generous donation from the Alliance – new tables and chairs.
• We are currently in the process of renegotiating our union contract, the impact of which is not yet known.

7) **Original:** Takes a leadership role in the larger Unitarian Universalist movement, maintaining connections with other Unitarian Universalist congregations and institutions as well as the local interfaith community.

**Revised:** The ministers and congregation develop and maintain relationships with other Unitarian Universalist congregations and institutions and the local interfaith community, helping to provide leadership in the larger Unitarian Universalist movement and community.

E.T. **Interpretation:** Individual leaders, both ordained and lay, will continue to offer their gifts of leadership to our larger family of faith and the local religious community. That leadership grows out of the vibrancy of our ministry and the caliber of our leaders. Relationships will be maintained with the neighboring congregations, area UU ministers and the interfaith community.

E.T. **Assessment:** We believe we are in compliance.

**Measures:** Monitoring is to be done by report of involvement by ministers and others in the community, district and national levels. This Element will no longer be included in the congregant survey.

Bill’s service as Interim UUA Co-President was recognized by the UUA as a significant contribution by the congregation. DeReau’s selection to serve on the Commission on Institutional Change is another significant leadership commitment to our larger family of faith. Tom and Bill are participating in a UUMA investigation of 2nd Ministries.

8) **Witnesses as a voice of conscience in our community and beyond, collaborating with other justice-seeking institutions, encouraging congregants to join others in building a more equitable, sustainable, and peaceful future for all.**

E.T. **Assessment:** We believe we are in compliance as indicated by the extensive involvement of congregants in our justice work and the on-going witness of our ministers.

Responses in the Congregational Survey rated “Witnesses as a voice of conscience in our community, collaborating with other justice-seeking institutions, encouraging congregants to promote social justice in the Portland community and beyond” at a significantly reduced level (-13%).

We believe this reduction reflects the loss felt at Kate Lore’s resignation. It does not reflect the energy or the
achievements of this last year. Rev. Sinkford has worked closely with our lay leaders through the year and T. J. FitzGerald provided excellent support for our Action Groups and community relationships. In fact, we hosted more, large community based events than we have in past years.

As many as 750 congregants are active in our social justice ministry in some way.

Comment from T. J. FitzGerald: This was a year of great challenges and greater accomplishments. In the opening months of the church year, our long-serving Minister of Social Justice resigned to pursue other opportunities. The Social Justice Council, comprised of representatives from the church’s ten active social justice groups, along with its three-member Leadership Team, accomplished the hard, self-searching work of relying on one another and their own considerable skills and talents to make this year into one filled with the justice-seeking, justice-making work First Unitarian is so well-known and well-loved for providing. The annual theme for the Social Justice Council was “Beyond Oppression.” Here are some of the highlights of the year:

- A major addition to the Social Justice work of the church was the beginning of the Immigrant Justice Action Group, which now has more than 200 members who receive regular updates on issues and actions affecting the rights of those in the process of migration and ways of supporting and witnessing for those persons.
- We also hosted a wide range of events at the church. In total, taking together film showings, trainings, and other events, the church hosted 40 separate social justice events this year, including a number of trainings in the area of recognizing and interrupting the effects of white supremacy.
- Social Justice groups came together to host two All-Church Dialogs: one on homelessness and houselessness in the fall, and one on climate change in the spring.
- We hosted Tom Andrews, President and CEO of the Unitarian Universalist Service Committee for the annual Sewell Lecture on the subject of growing global divisions between ethnic and cultural groups and the impact these divisions have on human rights.
- The “Stand Together” day of training and education was the Council’s major “Beyond Oppression” event. In partnership with 350 PDX and other community groups, we welcomed close to 300 people into the church, mostly community members and neighbors.
- We also played host to a 275-person conference offered by the Nasty Women Get Shit Done group in Portland and provided space for an event hosted by Earl Blumenauer concerned with single-payer healthcare where more than 600 of our neighbors attended.
- First Unitarian took the lead in organizing 250 UUs from all over Oregon to march in the Women’s March on January 21, 2017, a contingent to march in the People’s Climate March on April 29, 2017, and a loud and proud group for the Annual Portland Pride Parade on June 18, 2017.

Dana Buhl was named to fill the Acting Social Justice Director position at year end. She has begun her work. Budgetary constraints required this to be a less than full-time position. Following the model of Music Director search, Dana will be able to apply for the permanent position. We anticipate a search for a permanent director, following and contingent on the Annual Fund Drive.
